Letter No. C-0001

SUBJECT: Contract No. W9128A-08-C-0014, Kaunalapau Harbor Wall and Project Sign,
Island of Lanai, Hawaii – Outstanding Performance Evaluation

RMA Land Construction
2707 Saturn Street
Brea, CA 92821

Gentlemen:

I would like to extend to you this letter of appreciation for your outstanding performance in the management and construction of the Kaunalapau Harbor Wall and Sign project located at Kaunalapau Harbor on the Island of Lanai.

Through the dedicated efforts of Mr. Keith Greer (Project Superintendent/Contractor Quality Control System Manager), the Government has received a very high quality product which not only met the User's high standards and expectations, but will also benefit the entire Lanai community for years to come. Mr. Greer maintained a close professional working relationship with the Corps of Engineers' field representatives as well as the Lanai community. They anticipated and assisted the Government in resolving all field and design related issues in a timely and efficient manner which resulted in a project that was completed prior to the required contract completion date and with no changes. This truly remarkable effort has left a very favorable impression on both RMA Land Construction and the U.S. Army Corps of Engineers.

I look forward to working with your office again on any future U.S. Army Corps of Engineers' projects.

Sincerely,

A handwritten signature in blue ink that reads "Kent A. Tamai".

Kent A. Tamai
Contracting Officer
